TAXPAYERS' LEAGUE TO START COUNTY-WIDE TAX ORGANIZATIONS

CHERRY HARVEST THREATENED BY STRIKERS

Cherry growers in the region o Niles are watching with interest and mild apprehension, the measures being taken by Sheriff Emig, of Santa Clara county, in quelling cherry agitators and strikers in the Sunnyvale district. Threatening to obtain State militia aid, if necessary, Emig last week issued an ultimatum to the strikers, ordering them to cease their destructive activities a once.

In a pitched battle between strikers and police last week, several strikers were injured and about twenty-five taken into custody on charges of disturbing the peace.

The agitators are alleged to be of the same organization that disorganized the pea harvest in Washington township several weeks ago. No outbreaks among the cherry workers here has occurred as yet.

PLEASANTON TEAM LOSES TO NILES POLOISTS

Dashing about the playing field like snails, the Niles Jackass polo team Sunday overcame the furious sallies of the Pleasanton outfit, in a hot contest at the Niles Grammar school grounds. The final score, by no means indicative of the superiority of the Niles team, was 4 to 1, for the Niles poloists.

Since only three of the Pleasanton team showed up, the Niles aggregation was allowed to use only three men. Jack Geib, of Niles, offered to forego the game in order that his teammates might all play.

Of all the mounts on the field at any time, Joe Ferrera, Niles star, had by far the fastest. He was all over the field taking the pellet out from under the very noses of the Pleasanton mounts. He was high scorer of the day, acounting for three of the four Niles tallies. Grady Denton, who turned in a nice game, scored once for Niles.

Spectators at the game were time and again thrown into convulsions at the molasses-like antics of the Pleasanton goal keeper. His burro could not have been slower if it had grown roots. Time and again the ball would whiz within six feet of the animal, who would turn a languid eye and then continue its scrutiny of the grass, in spite of showers of kicks in the ribs.

Next Saturday, at the Hayward rodeo at Rowell's ranch in Dublin Canyon, the Niles poloists will enter a tournament with the teams from Pleasanton, Spring Valley and Hayward. The winner will be presented with a cup, offered by Harry Rowell. Confidence incarnate, the Niles team vows that the cup is as good as in the burlap already.

Coordination of Units Under Single Head Is Planned

Showing a quiet and deep determination to bring down the costs of government in Alameda county, the Taxpayers League of Washington Township met Monday night at Washington Union High school to hear reports of the various committees of the league on work accomplished up to that time. Approximately 1000 taxpayers heard the reports.

Plans were laid at the meet for a county-wide system of taxpayers' units, to be under the direction of a paid secretary-manager. Parker F. Braman, of the Eden Township Tax League, stated that his unit would be more than willing to cooperate with the taxpayers here to form a nucleus of the new cooperative units.

Otto N. Hirsch, of Irvington, and chairman of the Welfare Committee of the tax league, stated in his report that the Welfare Committee had succeeded in reducing the number of people receiving county aid in the township from 425 to 105, which reduction to less than one-quarter greatly reduces taxation here for that purpose.

Will Patterson, tax league treasurer, showed that expenditures by the league so far had been small, more than two-thirds of the sum originally subscribed still in the treasury.

Mrs. E. H. Stevenson, in reporting on reduction in school costs said that as yet all of the schools had not accepted the proposed cuts. She listed the following schools that have complied with the wishes of the league to date, with the approximate per cent of salary reduction for each: Washington Union High school, 15 per cent average; Alvarado Grammar school, 17 per cent average; Centerville Grammar school, 17 per cent average; Decoto Grammar school 10 per cent average. Cuts for Niles, highest paid grammar school in the township, are pending at 15 and 20 per cent.

The report of George C. Roeding, Jr., president of the tax league, setting forth the policies of the body in relation to excessive county costs, follows:

August May, of Alvarado; Mrs. E. H. Stevenson, of Centerville, and the speaker met with Mr. Kennedy, the assessor, and discussed the assessments of farm property. We pointed out to Mr. Kennedy that people owning property some distance from the county roads were being assessed just as much as those who own property fronting the county roads.

We feel that this is not right and that the property should be assessed according to its value; that a survey should be made thoroughly covering this matter. Mr. Kennedy advised us that he is working on revaluation of assessments and assured us there would be a reduction better than 10 per cent on the 1933-34 assessments. We have heard recently that it will be in the neighborhood of 15 per cent..

In turning in your taxes, you should be certain that this is be-

JURY LOCKS AGAIN; CHAMPION CASE DISMISSED

After a debate of an hour and a half, and still being deadlocked seven for acquittal and five for conviction, the jury for the second trial of Charles Champion last Friday afternoon at Niles stated their inability to arrive at a verdict and were dismissed by Judge Silva.

Assistant District Attorney Stanley C. Smallwood prosecutor, and Thomas J. Power, attorney for the defense, subsequently agreed that a third trial would be useless, and it was moved that the case be dismissed. Judge J. A. Silva granted the dismissal and the defendant was dschanged.

Raymond Crane, witness of the fight between Champion and the complainant, Frank Costa, was subpoenaed for the trial Friday, and came from Camp Strawberry reforestation camp thirty-four miles above Sonora, Tulumne county.

Costa filed a camplaint several weeks ago charging Champion with battery following a scuffle in a Niles restaurant. Champion pleaded not guilty. The second trial was necessitated when the jury for the first time was unable to reach a verdict, some time ago.

PETER FONG, AGED 3 MONTHS, CALLED BY DEATH FRIDAY

Ill for just a short time, Peter Fong, the three-months-old son of Mr. and Mrs. Yik Fong, of Fox avenue, Niles, was taken by death on Friday, June 16.

Funeral was Saturday from the Chapel of Palms, Centerville. Interment was in the I. O. O. F. cemetery at Irvington.

DAYTIME SLEEPER CRAVES PEACE AT ANY OLD PRICE

FRANK CRANE, towerman for the Southern Pacific in Oakland, has endured the disturbing of his daily slumbers long enough. Crane, in answer to curious questions about his custom of slumbering away the daylight hours, says that the "graveyard shift" (from 11:00 p. m. to 5:00 a. m.) does not give much opportunity for nocturnal somnolence.

To baffle over- enthusiastic salesmen, and other fauna that have been arousing him at all hours, Frank last week had several signs printed, bearing the lurid warning of large, ravenous dogs—dogs that hanker for wishbones of intruders.

Frank hinted that it would be a shame if his canines were to eat anyone, especially if that someone had just awakened him. "A shame!" says Frank, and he laughs and laughs.

Tax League Invited To Hayward Tax Meet

Parker F. Braman, of the Eden Township Taxpayers' League, on Tuesday issued an invitation to all members of the Washington township league, and all other people who are interested, to attend a taxpayers meeting at the Hayward High school at 8 p. m., Friday night, June 23.

Speaker for the vening will be Guy Kinsley, manager of the Santa Clara County Taxpayers' Association. Kinsley will speak on the proposals to be voted on June 27. He will stress explanation of the Riley-Stewart plan.

COMMITTEE NAMED BY APRICOT GROWERS TO MEET WITH CANNERS

J. A. Chargin Speaks To Farmers On New Farm Aid Plans

A representative group of apricot growers of southern Alameda county, met Saturday night at Anderson hall, Centerville, to discuss possibilities of securing local support for a plan to merit Federal aid in coordinating the apricot industry under the Industry Stabilization act.

Speaker at the meet was Joseph A. Chargin, Jr., prominent San Jose grower and head of the Canning Apricot Producers' Association. He outlined the growers' plans now under way to secure Federal aid. According to Chargin, the new plan is not opposed by the canners but is a cooperative idea in which the canners league is entirely willing to participate.

With the support of the farmers and canners, Chargin said, the Federal Farm Board will set maximum and minimum prices that may be paid for canning apricots this season. Such an action would not only assure the grower of a fair price over his production costs, but would also protect the canneries from the ruinous underselling of the smaller canning units who buy up cheap fruit. The Canners' League Executive committee, realizing that grower and canner can survive only by cooperation, will meet with the growers to discuss prices sometime this week.

Chargin stated that the purpose of the Farm Aid Stabilization is to insure the grower at least ten per cent over the cost of production. The new plan, he said, is the first real opportunity for the producer to salvage the industry from ruin by destructive competition.

A committee of two growers was appointed at the meeting Saturday to represent the local growers at meetings with the canners to be held in San Jose and San Francisco. Those appointed were Austin Waldron, of Centerville, and Clement Donovan, Niles grower.

A resolution was passed at the Saturday meeting, protesting new definitions for the moisture content of dried apricots recently prescribed by the Food and Drug Administration. The new law stipulates that the moisture content must neiher exceed nor be below twenty-six per cent. Growers unanimously agree that such a strict limitation will be a costly one to fruit dryers. Resolutions from all over the apricot growing regions of the state are being sent to the department of agriculture demanding a rehearing of the case.

Chargin urged growers of Washington township to interest themselves in the new cooperative plans. Another mass meeting will be held in Washington township at a later date, he said, at which time reports will be made on progress toward canner-grower cooperation.

NILES CHAMBER HEARS TALK BY JAMES M. CASSIDY

Amendments of June 27 Ballot Discussed at Monday Meet

The Honorable James M. Cassidy, representative from this district to the state assembly, was a guest speaker at the Niles Chamber of Commerce luncheon Monday. He came at the request of the Niles body to discuss proposals to appear on the June 27 ballot.

Representative Cassidy first discussed the Riley-Stewart plan. amendment 1 on the ballot, in its relation to real estate taxation and to the balancing of the budget. In speaking of the financial standing of the state at the present time Cassidy said that the deficit of the present bienuium amounts to nine million dollars. This added to an estimated deficit for the coming biennum of thirty-eight millions will swell the amount to forty-seven million dollars. Cassidy said that the passage of amendments 9 and 10, on the coming ballot will reduce the deficit of both bienniums by transferring funds from the gas tax to other purposes.

The passage of the Riley plan will cause a transference of a 72-cent tax on real property from the counties to the state. This means that the schools will be supported by the state. The funds necessary, at the removal of the 72-cent county tax, will be raised by a 2 per cent sales tax on retail sales. Public utilities, instead of paying a gross receipts tax, as they do at the present time, will have their property assessed by the state board of equalization, and will henceforth pay taxes on the assessed valuation to the counties. The difference between the former gross receipt tax and the new property tax will be levied on the rest of the real property of the counties. According to Cassidy, passage of the plan will ease the burden on real estate until at least 1935, after which time the plan becomes clumsy.

The Riley plan also limits the budgets of the counties and municipalities to the same level at which they now stand until 1935, or allows only 5 per cent increase in them during that time.

Cassidy was in favor of the passage of the second amendment to appear on the ballot. It concerns the passage f a twenty-million-dollar bond issue to relieve unemployment. If the bond issue is passed, it will be easier for the state to secure aid from the federal government since the latter is helping only those states which show willingness to help themselves. The bond issue would be paid for in ten yearly installments beginning in 1937. Funds for payment of the istallments will come out of the county gasoline tax or from special county taxes after that year.

Cassidy was particularly in favor of the passage of amendments 9 and 10, which he said will do much toward the balancing of the budget.

Members of the chamber were extremely grateful to Cassidy for his clear explanation of the several proposals on the June ballot.

Previous to Cassidy's talk, Harvey Braun, acting secretary in the absence of A. J. Petsche, read a letter to the chamber from the Pleasanton Junior Chamber of Commerce asking the Niles body to participate in the Fourth of July celebration at Pleasanton. Members of the same committee that took charge of the Niles display in the Livermore parade were reappointed to serve at the Pleasanton affair. The committee

C. C. YOUNG SPEAKS TO TAXPAYERS ON BALLOT

C. C. Young, former governor of California, spoke to the taxpayers of Washington township at the meeting Monday night on proposals to appear on the ballot of June 27. Mr. Young said that he appreciated the fact that he was speaking before a tax league meet since he too was interested in the reduction of government costs.

He stated that the coming special election was an important one, because of proposed changes in the methods of taxation in the State of California. He favored without question the passage of proposals 2, 5, 6, 7 and 8, as they appear on the June ballot. No. 4, he said, was entirely up to personal judgment. Numbers 9 and 10. Young said, he would vote against, since he did not favor the diversion of gas tax funds to balance a budget that could be balanced by economy rather than tax-shifting.

The ex-governor was opposed to the passage of Constitutional Amendment No. 30, the so-called Riley-Stewart plan, because it provided merely for a shift of tax gathering from the counties to the state, and furthermore gave room for political manipulation of the state board of stabilization by the large public utilities.

Mr. Young's remarks on proposals 1, 9 and 10 were challenged by Mr. Schofield, secretary of the Del Norte County Common Property taxpayers' Association.

SORIA ACQUITTED AT LIVERMORE THURSDAY

A jury in the court of Judge M. J. Clark, at Livermore, last Thursday brought in a verdict of "not guilty" in the case of John Soria, 23, charged with battery and rout by Motorcycle Officer Arthur Larson after a pea strike battle at Decoto some time ago in which Larson sustained a badly cut face.

It was the second trial for Soria at the Livermore court, the first jury having been dismissed when it failed to reach an agreemen on May 25. Soria's attorney petitioned for a change of venue from the court of J. A. Silva, at Niles, where the case was to be tried at first.

At the trial Thursday, the defense stressed the claim that the police had provoked the fight at Decoto in order to have some reason for arresting several of the alleged strikers.

FIREWORKS TABOO DURING DRY SEASON

According to word received from Deputy Sheriff Hugo Radbruch last Friday, the possession and sale of fireworks in Alameda county this year will be strictly prohibited during the dry season, unless a special permit from the board of supervisors is obtained.

Sheriff Driver has issued orders that the ordinance is to be strictly enforced, the penalty being six months in the county jail or $500 fine.

Razing of Historic Structure Begun Tuesday of This Week

Once cradle of the moving picture industry in the United States, at a time when now famous actors and actresses threw pies beneath its ample skylights, the old Essanay building is crumbling beneath the cowbars and hammers of the wrecking crew.

Having stood for many years a symbol of the wild west days of Wild Bill Anderson and his yelling cowboys, the old studios were recently sold to Frank Rose, Niles business man, who is dismantling the historic structure for the materials contained in it.

Rose let the wrecking contract to John Paul and Steven Viletti, Niles wreckers, and plans to have the lot clear within a month's time. The studio was erected in 1911, by Spore and G. M. Anderson, from which combination came the name "S and A"(Essanay) Film company. It was abandoned in 1914, after a few years of activity, and all attempts to revive it failed.

Among those who at one time were prominent in the film industry, who began their careers at Niles were: True Boardman, Harry and Mrs. Todd, Charlie Chaplin, Ben Turpin, Vic Potel, Wallance Beery, Bessie Sanky, Evelyn Selby, Gloria Swanson, Margaret Clayton, and a score of others who have since scaled the heights or fallen into oblivion.

Niles, and the hills about it, was the "set" for nearly all of the early films made here. Whooping cowboys and stage coaches once thundered in Niles Canyon, under the direction of Mackley, one-time famous director.

MARTINELLIS GIVE DINNER FOR GRADUATES

The entire graduating class of the Niles Grammar school was entertained last Saturday night at a dinner and dance given at the home of Mr. and Mrs. Frank Martinelli, of Niles.

Gathering at the Martinelli home at 8:00 p. m., the graduates were served a delicious dinner at a beautifully decorated table. Paper caps and favors were beside each place and it was not long before the group resembled all manner of historic characters. At the conclusion of the dinner there was dancing to music by a three-piece orchestra specially obtained from San Francisco for the occasion.

Early in the evening , the entire class, fearing that Principal E. Dixon Bristow had been unable to attend the affair, went to his home on Second street and escorted him to the Martinelli house. In addition to the graduates and Mr. and Mrs. Bristow there were several guests from San Francisco.

Mr. and Mrs. Martinelli were thanked profusely for the splendid evening.

Decoto Ball Club To Give Benefit Party

Players of the Decoto baseball team will give a benefit card party for the team at the Oak Tavern, formerly the Sycamores, at Decoto, on the night of Wednesday, June 28. Funds raised at the affair will be used n part to purchase new equipment for the players.

NILES CHRISTIAN SCIENCE CHURCH DEDICATED

On Sunday, June 11, the members of the Christian science church at Niles dedicated their edifice on north Second street, at well attended services at 10:00 in the morning, and at 3:00 in the afternoon. Besides church members from Niles, there were in attendance people from San Francisco, Oakland and other cities.

Dedication was the occasion of the final payment of the church group for the property on which the church stands and for the rebuilding and renovation of the building. Recently $500 worth of landscaping and decoration was completed.

The church was beautifully decorated with huge baskets of flowers for the occasion. The following dedication reading was given:

It is with reverence, humility, and gratitude that we dedicate this church to the understanding and demonstration of divine "Truth, Life, and Love." "To organize a church designed to commemorate the word and works of our Master, which should reinstate primitive Christianity and its lost element of healng." Manual.

A few Christian scientists met informally first in homes, then in the Odd Fellows hall, until Love showed the wisdom of building our own church. This was located first on rented ground then the opportunity came to purchase this corner lot. The church was moved and later, minor additions were made.

November, 1927, we became a recognized branch of the Mother church.

It is our daily prayer that "the elements of earth beat in vain against the immortal parapets of this science. Erect and eternal it will go on with the ages, go down the dim posterns of time unharmed and on every battle field rise higher in the estimation of thinkers and in the hearts of Christians."—Misc. Writings.

We wecome those who come to share ou joy in the services today, and may the world feel our loving thoughts and come for shelter "under His wings" and to "Trust in the Lord and do good; so shall thou dwell in the land and verily thou shalt be fed."—Psalm.

STATE FAIR EXHIBIT COMMITTEE IS ANNOUNCED

Appointment of M. G. Callaghan, of Livermore, as a member of the Alameda county State Fair exhibit committee, has been announced. K. OF C. BALL LEAGUE RESUMES TROPHY TILT JULY 2

Sunday, July 2, at Washington Union High school diamond, the Knights of Columbus team of Centerville will clash with the Berkeley council outfit, in the first of a three game series to be played within the next month.

In order to gain permanent possession of the trophy, a team must win it three years in succession. Berkeley has won for two years and a win for them this time will make the cup a permanent Berkeley ornament.

This year's competition is the fourth one between the Centerville, Oakland ,Alameda, and Berkeley councils .Berkeley has held the cup two years, while Centerville has won it the other. According to Ernest Pimentel, of Centerville, the Berkeley council is in for a hot afternoon.

Eugene Bettencourt, who is a student at the Affiliated colleges at San Francisco, is spending his vacation at the home of his parents, Mr. and Mrs. M. S. Bettencourt.

POLICE NAB THIEF AFTER ALVARADO HOLD-UP

Alleged to have held up W. A. Watson, of Alvarado, and robbed him of a sum amounting to $10.05, Sabino Sabole, is in the county jail awaiting arraignment before Judge Allen G. Norris at the Centerville courthouse.

Sabole is said have held up Watson last Sunday. He was arrested by Deputy Sheriff Hugo Radbruch. An accomplice, a good description of whom is lacking, is still at large; no trace of his whereabouts being discovered.

BOOTH CANNERY IN PREPARATION FOR LONG SEASON

Having been closed for more than a year, the F. E. Booth Cannery at Centerville is being put in shape for a prolonged run on apricots, peaches and tomatoes. Numbers of mechanics are now overhauling the machinery and equipment preparatory to a start of operations within a period of two or three weeks, according to F. A. Bishop,, superintendent.

In normal times the Booth cannery employs from 200 to 500 local people. The number of employees this season, it is said, will depend upon the market demand for the goods canned. A pick-up in the consumption of canned goods will insure a capacity operation of the plant.

"CLIPPER" SMITH TO ADDRESS LIONS AT TUESDAY MEET

HODGKINS FORDS LOSE TILT TO S. P. STORES

Not playing up to specifications Sunday, the Hodgkins Fords went down to defeat at the hands of the S. P. Stores. Oakland team. Every man on the Stores outfit connecting for at least one hit, the Fords were kept busy chasing the seed around in the deep grass.

Spud Dagermark, although he tossed a fair game of ball .was unable to stem the store tide single handed, as he would have had to do after about the second inning. Spud walked three and struck out eight.

Ivaldi, of the stores, drew hiting honors of the day with two homers among an amazing array of bingles in seven trips to the pad. Faria, Ford right fielder drew two bingles out of five attempts at the pellet. Dutra drew two doubles in four attempts.

Ford box score:

	A.B.	R.	H.
Faria, r.f.	5	2	3
McKenzie, c.	3	0	0
Ferry, c.f.	5	0	2
Fontes, s.s.	5	0	2
Perry, l.f.	5	0	0
Lebon, 2b.	4	0	0
Mackey, 1b.	3	0	1
Dutra, 3b.	4	1	2
Dagermark, p.	4	0	0
	38	3	10

Next Sunday the Fords will travel to the San Pablo field to tangle with the Orange Crush aggregation. It being the Fords first game away from the home field, a lot is expected of them.

"FAMILY NIGHT" AT PARISH HALL TONIGHT

"Family Night," Knights of Columbus evening of entertainment, will begin tonight at Parish hall, Centerville, at 8:00 p.m., with the presentation of two plays produced by members of the Centerville Council.

The first is "Upholding the Family Honor," played by James Collins, John Vasconcells, Angelo Ferraris and Joe Duarte. Following is another skit called "Martha, Hiram and Ezry," the cast being: George Kommas, A. P. Rose ,and Clarence Flores.

For further hilarity, a minstrel show will be put on by the members. There will be dancing to music furnished by the Knights of Columbus orchestra, and refreshments will be served. Early in the evening a speaker who is prominent in school affairs will discuss Proposition No. 4.

N. S. G. W. ELECT NEW OFFICERS, TUESDAY, JUNE 13

The Farm "35"

FARMERS: You are using many different methods of "cold" storage—screen coolers, stone houses and cellars, ice boxes, and ELECTRIC REFRIGERATION. To those of you who are NOT enjoying the proven advantages of all year 'round AUTOMATIC refrigeration, we want to explain some of the practical benefits of the new FARM "35". Custom-built for the average size farm, it solves the problem of heat-spoilage that is constantly wasting your food and money.

You already know the service and savings that domestic model ELECTRIC REFRIGERATORS have brought to millions. THIS Farm Refrigerator gives even more. The same dependable, uniform, cold EARNS as well as saves. Ample room has been provided for SALABLE PRODUCE. Dairy products, poultry, and "fancy" perishables, kept chilled and firm, bring better prices. In the same spacious compartments there is room for family supplies, bought in larger quantities at substantial savings. Farm-killed meat will be improved with proper hanging. More farm-grown produce can be used at home. Kitchen drudgery and kitchen waste will both disappear.

It has been proved that once-in-a-while refrigeration is not enough. Old-fashioned methods, at best, require constant attention to maintain safe temperatures, and many are not effective at all. The FARM "35" will do away with all spoilage losses, and keep your produce in perfect condition for profitable marketing. For sizes, prices, and easy terms write or telephone the nearest P. G. & E. office or see your Frigidaire dealer.

NAVY SINKS ARMY PREVIOUS TO HUGE BARBECUE SUNDAY

Auxiliary, Legionaires Enjoy Big Outing Near Niles

Members of the Ladies' Auxiliary, and the legionaires of the Niles post Sunday gave a large barbecue and dance at the pavilion in Rose Canyon, as a conclusion to a morning's fun on the Niles Grammar school ground where two ball teams made up of legionaires battled to a gory finish. The game began at 10:00 a. m., and lasted until noon, at which time the Army team was well ready to toss up the sponge, under the score of 5 to 2. Players of the two teams were:

Army—Bomber Nordby, catcher; Machine Gun Vieux, pitcher; Projectile Myers, first base; Field Piece Mathiesen, second base; Big Gun George Smith, short stop; Gas Mask Machado, left field; Cavalry Carithers, center field; Range Finder Molter ,right field. Utility Shock troops: Burr, Silva, Yarbrough, and Coleman.

Navy—Battleship Bristow, pitcher; Dreadnaught Bob Vieux, catcher; Submarine Edinger, short stop; Cruiser Ebright, second base; Flagship Peacock, right field; Destroyer Maciel, center field; Gun Boat Dassel, third base; Scout Ship Max, first base; Admiral Macke, left field.

At the conclusion of the game some 100 auxiliary ladies and legionaries repaired to the Rose pavilion for the barbecue, where steaks, baked beans, salads and coffee were prepared under the vigilant eyes of Louis and Bud Ruschin and John Dutra, the triumverate of chefs.

Music was furnished by the Alameda post band, and those who were still able after the various games and races of the day, spent the afternoon dancing.

Ray Peterson and Commander Nordby were the committee on arrangements for the day.

The cast was as follows: Old Woman, Mae Rose; the Painted Doll, Mary Virginia Bristow; Toy Soldier, Robert Zwissig; Toymaker, Robert Kibby; Fairy Prince, George Bonde.

Solos were sung by the following: The Tin Pan Parade, Ilene Wittenmyer; I love the Old Doll Best, Mary Virginia Bristow; The Wooden Soldier and the China Doll, Lorraine Peterson; The Wedding of the Painted Doll, Alta Farmer.

Duets: Toymakers' Dream, Ines and Margaret McNally; The Toytown Soldier, Mae Wittenmyer and Margaret Nicholas; Chorus, Sixth and Seventh Grades.

STUBBORN BLAZE CONTROLLED BY FIREMEN

A defective flue in the Barnardo home in Crane alley, Niles, last Thursday morning gave the Niles Fire Department a stiff workout for about a half hour, when smoke continued to pour from between the walls for minutes after the main blaze had been extinguished.

It was the opinion of several firemen that the flames in the flue found small cracks, caused by the recent earthquake, in the brickwork, and through these ignited the walls.

Mrs. Bernardo, who was in the kitchen when she noticed the flames behind the stove, ran to the bedroom and seized a blanket with which she attempted to smother the burning wood. Failing to do so, she threw the smoldering blanket back on to the bed, and ran from the house. When the firemen arrived, they found the bedroom ablaze, as well as the kitchen. The fire was soon under control, with the house only slightly damaged, thanks to an efficient fire department.

Slash Your Tax Bills!

Guard Your Homes and Farms Against Tax-Confiscation!

Halt Reckless Spending In State and Local Government!

Property taxation, in California, has passed all reason.

In many instances it has become tax-confiscation. It has throttled and stagnated business, aggravated unemployment and caused thousands of evictions from farms and homes.

More than 12 per cent of all taxes in California today are delinquent!

In some counties the delinquencies are 35 per cent. In one county 42½ per cent of all property owners are delinquent—facing loss of their properties because of confiscatory taxes!

Proposition Number 1 at Tuesday's special election will put an end to this "wrack and ruin" policy of exorbitant and unequal taxation. It will assure you of a . . .

20% Reduction in Your Tax Burden!

The saving to common property taxpayers of California—owners of homes, farms, land and business properties—will amount to 38 millions of dollars annually.

Proposition Number 1 effects this huge saving by taking $38,000,000 in school costs from the shoulders of local taxpayers and by the requirement that the state finance this expenditure through some other means than a property tax.

And in addition to this immediate saving, Proposition Number 1, when it becomes fully operative in January, 1935, will return all utility property to the local tax rolls, bringing *another reduction of 15 per cent in your property taxes!*

Finally, as a safegaurd against extravagance and a guarantee that your tax relief shall be PERMANENT RELIEF, Proposition Number 1 limits increases in local expenditures to not more than 5 per cent in any one year. And state expeditures not more than 5 per cent in two years!

If you want a square deal in taxation,

VOTE "YES"

Proposition Number 1

Tuesday's Election, June 27

California Tax Relief Committee

AVOID AN INCREASE IN TAXES

Yote "Yes" On Number 4

More than 100,000 children are annually educated in the non-profit private schools of California.

These schools are operated by no less than 16 different religious denominations.

Should the taxpayers have to assume the expense of educating these children, an expenditure of $20,000,000 would be immediately necessary for the construction of school buildings and a yearly expense thereafter of $12,000,000.

Fred E. Stewart, Chairman of the State Board of Equalization, says: "The records of the State Tax Research Bureau show that the non-profit schools cannot longer pay taxes and stay open."

THESE ARE THE FACTS

The total amount of taxes to be absorbed under Number 4 is only a little more than $300,000.

California is the only State in the Union which does not exempt these schools from taxation.

Schools operated for profit, such as colleges, semiaries and similar institutions, are not affected by the act.

The tuition charge in these schools is too small to pay operating expenses and taxes.

Only those who are able to pay do so.

They educate without cost the poor who cannot pay.

Tax exemptions for services rendered to the State are neither unpatriotic nor un-American as contended by the opponents of No. 4. On the contrary a denial of them in proper cases, is unjust, un-American and wholly indefensible.

VOTE "YES" ON NUMBER 4

Tax ... Limit ... Regulate ... HORSE RACING in California

Add $2,000,000 biennially to the income of the state

Save... THE TAX PAYERS ONE MILLION DOLLARS EACH YEAR—*by voting yes on* NO. 3

Under the provisions of this act the California State Fair will receive annually	$100,000
The Citrus Fairs will receive annually	45,000
The District and County Fairs of the entire State from Del Norte and Siskiyou to Imperial and San Diego County will receive annually	342,000
And in addition to these vast amounts, State Institutions of Learning, providing vocational training in agricultural, animal husbandry and kindred subjects and the relief of the unemployed will receive annually	513,000
	$1,000,000

This $1,000,000 is now lost annually to the State of California.

ASSEMBLY CONSTITUTIONAL AMENDMENT NO. 39

The passing of the amendment will—*tax—limit—and regulate* HORSE RACING in California, and provide the State with one million dollars each year that is NOW being thrown aside through non-regulation.

Let us REGULATE that which we know exists, and will continue so to do.

If *this* amendment is not adopted—the State is throwing aside a million dollars annually....

MORE ON TAXPAYERS LEAGUE

(Continued from Page One)

ing taken care of. In case nothing has been said about this, I would suggest that you discuss this matter with the deputy in your district, or at the assessor's office immediately—at least before the first of July.

Before we can hope for any reduction in our taxes the assessment must be lowered and this is the reason why we started with the assessor before approaching supervisors.

Supervisors

The executive committee and many members of the Washington Township Taxpayers' League, with representatives from Livermore, Pleasanton, Hayward, San Leandro, Oakland and Berkeley, met with the supervisors on May 22, 1933, and advocated that there be a reduction in county salaries and wages.

We pointed out to the supervisors that there should be a reclassification of all salaries and wages. In a good many cases here is as much difference as 20 to 40 per cent in the amount of money they are paying for similar work. We stated we did not think it was fair for some men in county employ to receive more than others and that they should all be paid alike for similar work. It would mean that there would be an increase for some; a slight decrease for others; and a substantial decrease for those who were being paid the highest salaries or wages of their class.

We further made mention that employees of the county receiving 60 cents and 50 cents an hour should receive a reduction of 20 per cent; that farmers were unable to pay more than 15 to 25 cents an hour, depending upon the work they were doing, and the difference is too great between what the county and the farmers are paying.

We have never advocated that county employees be paid the same scale of wages as the farmers are paying, although this is the way our recommendations were misinterpreted.

It is pretty tough on the taxpayer who is working at the rate of 15 cents to 25 cents an hour, who must turn around and pay his taxes so that the county employees can be paid 50 and 60 cents an hour. You can readily understand his feeling in this whole matter.

There were many from the county who explained their views to the supervisors and we were assured that the matetr of salary reduction would be given careful consideration. Shortly after this we learned no change would be made before the first of September, 1933. At that time they will consider the possibility of reducing both salaries and budgets.

Our executive committee recommends to you that we help organize a taxpayers' organization such as ours in every township, city and town in Alameda county. The reason for this is that it seems it is going to be necessary to have the whole county thoroughly represented before we can hope for any substantial tax reduction.

All these tax organizations would be under the head of an executive committee, through which the details and instructions would be carried out by a secretary-manager of a county-wide organization. It would mean very little additional expense to us and we would have someone who could co-ordinate the different tax organizations and keep in closer touch with them, and carry the message to every town in Alameda county.

No one in private business has been able to devote all his time to this work, which he should do, and we feel that in this way we can better serve you than we can at the present time. We would like to have some discussion on this and we will bring it up for your approval shortly.

School Criticism

There has been some criticism regarding the policies of the Taxpayers' League. We are sorry this has come about and we believe it is due to the fact that our recommendations are not as clearly stated by our critic, as they should be.

In making recommendations for school salaries, in some cases we have only advocated 10 per cent reductions because those salaries were low enough or had already been reduced in previous years; in other cases, 15 per cent. Outside of the high school, the principal, depending upon the salary he is getting in comparision with salaries paid by other schools, has been the only one who has been asked to reduce his salary 20 per cent.

Before making any recommendations, we have always endeavored to get the viewpoint of the school principal and the board of trustees. In making these recommendations we have taken into consideration the number of pupils in the school and the number of teachers.

I wish to state again that the sole purpose of the Washington Township Taxpayers' League is to reduce taxes.

I would like to ask you now how many of you found it easy to pay your second installment of taxes. Since you did not find it easy, this certainly is recommendation enough that taxes must be reduced.

As we have stated before, the county officials' salaries average 32 per cent more than is paid by private employers in this county. They state that inflation is about to take place so they think saaries shocld not be reduced. In other words, they are gambling with our money; if it does take place, we will continue to lose as we have been losing for the last four years.

We hope that inflation is going to be successful, even though inflation is a success, it will be a year or more before the farmers will really receive any direct benefit. Why shouldn't public officials share a little of the burden?

Since the crash in 1929, living expenses, have come down; still teachers' and public officials expenses and salaries have been cut only slightly. Often they consider it a cut when they let someone out and do not reduce the salaries of others; but private business looks at it differently. They have had to take cuts and let others out, and those who remain must do more work.

Every family knows that if it exceeds its budget it is only a question of time when it will be heavily in debt. Since we are paying the tax bills, we ought to know how much we can afford to pay. If we are over-paying them, as we are doing at the present time, it means that we must neglect the most important institution, our homes. This is plain reasoning and we do not intend to get sidetracked from our goal. Our league has an unpleasant duty to perform but its policies must be carried out.

Pleasanton Holy Ghost Celebration Draws Large Crowd

About 2000 people attended the annual Holy Ghost celebration in Pleasanton, last Saturday and Sunday, sponsored by the Pleasanton I. D. E. S. lodge.

Manuel Soito, Jr., of Tassajara, was chairman of the celebration. He was assisted by J. J. Amaral, J. Semas, John Dutra, Manuel Vargas, Sr., A. Avilla and others.

Saturday night at seven thirty the Amador Valley high school band ushered Miss Roma Rodrigues from her home to the church where she received the crown and brought it back to the I. D. E. S. grounds on St. Marys where dancing followed.

Concessions and rides were on the grounds to entertain the grown up folks and children.

On Sunday morning the parade left the grounds on St. Marys street and marched to the St. Augustine church where high mass was said.

Reverend Father James Vildomat delivered the sermon of the day, using for his theme the significance of the Holy Ghost celebration.

Briefly told, the celebration is held yearly in commemoration of the relief of the famine which the Portugese people suffered in the 14th century.

Queen Isabel-, who was reigning over the country at that time, prayed day after day to the Holy Ghost, and promised that she would give up her crown if relief was found. In answer to her prayer, a number of English ships pulled into shore, loaded with wheat, from which bread was made and distributed to the starving families. The crown which is carried in the parade is symbolic of the crown which Queen Isabel gave up. The pigeon on top of the crown represents the Holy Ghost, the third Diety in the Blessed Trinity, which, according to the Scriptures, came down in the form of a dove.

The parade was lead by Amador Valley High school band, under the direction of Harry Tripp. Following the band came the Mission San Jose drill team, attractively dressed in blue and white military unifirms, which preformed a number of drills under the direction of Miss Hazel Mendoza, of Sunol.

They were followed by a number of queens and representatives of I. D. E. S. councils of the bay cities. At the end of the procession came the queen escorted by her court and an orchestra under the direction of Cliff Rosa, of Pleasanton.

Those who made up the queen's court were Rose Saramento and Irene Mello, attendants, attractively dressed in long green silk gowns, the four girls who ushered the queen, namely Vivian Mendoza, Phyllis Silva, Eva Fernandez, and Dorothy Machado, wore gowns of pink silk. The cape bearers were niece and nephew of Miss Rodrigues, Milton and Genevieve Ghigliazza. Genevieve wore a long pink net dress and the boy had on a white satin suit.

After the church services the parade marched back to the I. D. E. S. grounds, where a free barbecue was served to all present.

Dancing was enjoyed throughout the afternoon. Live stock sweet bread, fruits and cakes were disposed of at various intervals during the afternoon.

After feeding 1800 people, the I. D. E. S. counsel, No. 15, distributed over one hundred pounds of meat to the needy families in Pleasanton Monday.

Great Enthusiasm Is Shown at Pleasanton Boosters' Barbecue

Some two hundred people, full of enthusiasm and pep, attended a Booster barbecue held at McKinley park, sponsored by the Pleasanton Junior Chamber of Commerce last Wednesday.

Staged for the purpose of advertising the Fourth of July celebration, the enthusiasm created in the people attending augers well that the big celebration will be most successful.

From the talks given by Bill Reichel, president of the Oakland Junior group, and Don Luco, president of the San Leandro organization, Pleasanton will receive the whole hearted support of both of those cities.

John Amaral, who functioned as master of ceremonies, introduced several distinguished guests, all of whom responded with short talks. Among the speakers were William Rees past president of the Livermore Lions, Bill Reichel, president of the Oakand Junior Chamber of Commerce; Russ Knowland, national director of Junior bodies; Tom Norris, of Livermore, Don Luco, head of the San Leandro Junior Chamber; George Roraback, president of the Sunol Chamber of Commerce; A. B. Pickard, Thomas Orloff and Frank Garatti.

Judge Charles A. Gale gave an excellent talk on Fourth of July celebrations, and Major Christensen, prominent horseman of Pleasanton; Crowford Letham, president of the Pleasanton Chamber of Commerce; Don Curzan, state editor of the Oakland Tribune, John Cronin, Mayor of Dublin; and G. Smallcomb, of Livermore, all assured the Junior Chamber officials of their cooperation. Several prominent newspaper people were introduced and promised their loyal support in the publicity line.

Milton Regalia, of Pleasanton, rendered a few accordian solos and Rosemarie Sessa sang some solos and did a tap dance. The chefs who prepared the delicious barbecued steak were Lee Wells and Frank Toscani. Potato salad, baked beans and beer completed the menu.

Table waiters were Clay Elworthy, Harold Arendt, Bill Letham, Peter Christesen, Hans Jensen, Manuel Oliveria, Derald Bailey, Edwin Orloff and Cliff Rosa.

PLEASANTON OFFICE FOR FOURTH OF JULY IS OPENED

General headquarters for the Pleasanton Fourth of July celebration have been established at 26 Neal street, across from the law offices of Judge Charles A. Gale. At headquarters, general information relative to the affair, will be given.

The office will be open daily for the next two weeks, from nine a. m. till 4 p. m. After hours, information about the celebration can be obtained from John J. Amaral at the Amador Valley service station at Main and St. Mary's street.

The celebration headquarters were christened Wednesday evening when the Junior Chamber of Commerce entertained the newspaper men of the east bay. Louis Fuchs, Lloyd Nevis and Harold took care of the refreshment serving at headquarters, following the barbecue at McKinley park.

Three Cases Are Tried at Pleasanton Court

Ed Bianchi and John Lester, of Pleasanton, were sentenced to 90 days in the county jail when they pleaded guilty to to petty theft at the Pleasanton Justice Court last week.

The two boys were accused of having broken into the house of Frank Valarino, and stolen some wine on May 2. They were arrested by Constable Al Vervais and Chief of Police John Delucchi. They were represented by Ray Ferrario, public defender.

Emil Spotorno, of Pleasanton, changed his plea from not guilty to guilty on a charge of disturbing the peace, and was put on six months probation. The sentence specifies that Spotorno is not to get drunk and bother his neighbors, and in case of another complaint during the period of probation, a jail sentence will be the result. He was arrested a couple of weeks ago by Constable Al Vervais on a complaint sworn to by Mrs. Sam Huddleston.

Ed Nott appeared before Judge Gale Tuesday morning in answer to a complaint sworn to by Mr. Sims, of the Castlewood Country club, charging Nott with a misdemeanor. Nott was arrested by Constable Al Vervais Monday. Nott is charged with having taken a car Sunday from Castlewood without permission and damaging it. His sentence was continued till Thursday at which time he was put on six months probation.

Joseph N. Arendt Dies at His Home In Pleasanton

NOTABLE BUSINESS CAREER BROUGHT TO END BY DEATH

Death claimed one of Pleasanton's pioneer business men and a great civic leader, when Joseph Newton Arendt passed away at his home Sunday evening of last week after a short illness.

The deceased was born in Breslan, Germany, July 10, 1858. He came to Pleasanton at the age of seventeen years and entered the employ of Goldman and Arendt in their general merchandise store which was then situated on the premises now occupied by the Bank of America.

At that time the store contained the Post Office and the Wells Fargo express, and Mr. Arendt acted in the capacity of both Postmaster and Express agent. Shortly after, the busness was purchased by Harris Arendt father of Jerome H. Arendt, and a little later Joseph Arendt, achieving an interest, became part owner, under the firm name of H. Arendt and Co. Since the death of Harris Arendt, the establishment, with its branches and their various holdings has been operating under the same firm name with Jerome and Joseph as proprietors.

Joseph was a member of the Hay and Grain Exchange, the firm maintaining an office in the Merchants Exchange building in San Francisco. He became a familiar and important figure on the floor of the exchange and attained the distinction of becoming an honorary vice president of the national organization. Considered an authority to matters pertaining to the hay and grain market, his counsel and advice were highly regarded by dealers and associates.

Always concerned in the upbuilding and advancement of the town of Pleasanton, every worthy undertaking received his liberal support. So closely has his life been identified with the welfare of the community that past history would reveal many achievements which were, in a large measure, due to his financial and influential efforts.

Of a generous nature, his business dealings were always fair and honorable. He was kind and friendly toward his employees, ever striving to maintain an organization worthy of the confidence of his friends and customers.

Retiring from the mercantile business a year ago, the firm concentrated on their hay, grain, and warehouses, and their lumber yards. The deceased remained at his desk in the firm's offices at the corner of Main aind Neal streets until a few days before his death.

He was a member of the Masonic lodge, the Odd Fellows, and other fraternal groups. Besides his wife, he leaves a son, Newton, and a daughter, Ruth.

Funeral services were conducted from the family home last Wednesday morning, with Rev. R. C. Cross officiating. The body was laid to rest in the family vault, in the Home of Peace cemetery, San Mateo.

PLEASANTON BIBLE SCHOOL HAS LARGE CLASS

Sixty children attended the vacation bible school held at the Pleasanton Presbyterian church when classes opened last week.

In the primary department under the direction of Mrs. Mura Davis, there are thirty two youngsters enrolled. Other departments are the boys and girls junior groups.

A class creating much interest is that which is making Indian suits of gunny sacks. The suits will be worn by the youngsters in the Kiddies Parade during the Fourth of July Celebration. This group is working under the direction of Miss Joy Madsen.

Mrs. Helen Blacet has charge of the sewing class, Mrs. Ole Olesen, of art and paper flowers, and Miss Dorothy Davis is instructing a group in the making of pottery. In this class a number of attractive vases are being made. Anyone having mayonnaise jars they wish to dispose of, have been asked to leave them at the church for the children to work on. Miss Davis is also conducting a junior choir.

Coat hangers are being made under the supervision of Mrs. Lottie Heise, and Carmen Cope is directing the little folks in how to out paper. Others who are assisting in the school work are Mrs. Chris Simonsen, Lorrene Stevenson and Shirley Blacet.

Reverend Cross is the superintendant of the Junior department.

SENIOR BALL AT AMADOR HIGH IS SUCCESSFUL

FORMAL DANCE BRINGS YEAR TO SUCCESSFUL CLOSE FOR STUDENTS

Some four hundred people attended the senior ball given at the Pleasanton Veterans Memorial building last Thursday evening by the 1933 graduating class of the Amador Valley high school.

The dance was one of the finest affairs that have been attempted by the school students. An orderly crowd enjoyed dancing until one o'clock in the morning. Music was furnished by Oliver Campos and his orchestra.

The girls in their beautiful and colorful formal gowns, and the young men in dark suits, added just the proper dignity to an affair of this kind. After the dance the graduates and their friends were served a delicious supper.

Young folks from Centerville, Niles, Newark, Mission San Jose, Livermore, Hayward and Oakland were present at the affair.

Committees working on the dance were under the direction of Kenneth Hardy, class president.

Catholic Kiddies of Pleasanton Are Given Picnic

About 100 children of the St. Augustines parish, of Pleasanton, were entertained by the Catholic Daughters at a picnic held at Bonita, about one mile from Sunol last Wednesday.

The kiddies gathered at the Parish hall at nine thirty and were taken to the picnic grounds by members of the organization. They spent the morning in playing various games, and contests. Suitable awards were given to the winners of the different events.

At noon a picnic lunch was served and ice cream and soda water were distributed during the day. Among those who arranged for the affair were Mrs. Kate Brandstetter of Sunol, grounds, and Ida Rabello, ice cream and soda water.

Pleasanton Manager Weds Washington Young Girl

Tom Pugh, manager of the Pleasanton MacMarr store, was married last Sunday in San Leandro to Miss Gertrude, of Tacoma, Washington. Reverend John Kest, of Oakland, preformed the ceremony.

Pugh formerly lived in Tacoma, and it was there that their romance started. The newly married couple have taken up their residence in the Davis apartments and plan on a honeymoon trip in September when the vacation of the groom is scheduled.

Pleasanton Party Is Great Success

A large crowd attended the St. Augustine's benefit card part at the Parish hall Pleasanton, last week, according to Mrs. William Sylvia, chairman.

Honors were scored by Mrs. A. Giorgis, Henry Andrade, Victoria Bianchi, Mrs. M. Lopez, E. H. H. Rasmussen, Mrs. Angie Paulo, Mrs. John Dutra, William Sylvia, Mrs. M. Silva, and Joseph Bairos, all of Pleasanton.

Other honors were awarded to Emma Giorgis, Mary Stovall, Jimmie Giorgis, Velma Andrade, Ray Andrade, and Rose Saramento was awarded the hand-made comforter.

A COMPANY THIRTY YEARS OLD

Last Friday the Ford Motor Company completed 30 years of automobile making.

It is also my fortieth year at the same job. I made my first engine in 1893, and it still runs. This is the engine that won the Selden Patent Suit——which took the motor car out of the exclusive class, and opened the automobile industry to hundreds of manufacturers who started during the last 30 years.

Some of the men who began with me that June day in 1903, are working here yet. All of the principles we laid down then, are still operative; we find that they have great survival value for the future. To date they have produced and sold over 21,000,000 Ford cars.

Although we created the automobile market we have never thought it was good for anyone to monopolize it. We have always believed that before business could be good for one, it must be good for all. Our discoveries and improvements have always been open to other manufacturers without patent restrictions.

Of course, there is one thing we cannot share——everyone must get it for himself——and that is experience. Money could duplicate our buildings and machines, but it cannot duplicate 40 years of experience. And it is experience that makes a motor car.

But the past does not especially concern me; it has all been a preparation for the future. For myself, I feel that I have just been gathering the tools to do something worth while, and that my real task is still ahead.

Great changes are upon the world. False ideas of every kind are vanishing in the general upheaval. Those who built truly on principle will survive——their service will carry over. Business integrity and commodity honor will be fully justified. And newer and better ways of living will appear.

That is the outlook for this young thirty-year old Company of ours.
